## PROJECTS

### Personal Portfolio Website

**Sole Developer | Jan 2024 – Feb 2024**

Key Responsibilities & Achievements:

- Developed a responsive personal portfolio website using ReactJS and TypeScript, showcasing professional experience, skills, and project highlights.
- Implemented modern UI components and animations to enhance user experience and visual appeal.
- Designed and structured content to clearly present information about background, expertise, and previous work.
- Optimized website performance for fast loading and smooth navigation across various devices.

Technologies Used:

- Frontend: ReactJS, TypeScript
- UI/UX: CSS, modern design principles
- Build Tools: npm, Vite
- GitHub : <https://github.com/chauphuxd/cv-online>
- Deploy : Vercel
- Link Demo : <https://cv-online-sand-six.vercel.app/>
